That a great upheaval in Germany will result when the German people become aware of the number of Americans in France and their fine equipment, and morale was a statement of a German aviator following his capture by Americans as chronicled in a letter written home by Asa M. Rhodes, 10th U. S. Infantry who resides near Smithfield.

This particular aviator who is passing along a road lined with American troops exclaimed in rather broken English: "It is all up with Germany. When drawn into conversation he declared: When the German people find out the real facts of America as an enemy State is so well fixed the Kaiser can't hold them. THRILLING STORY OF BATTLE FRONT ENDS CHAUTAUQUA

Large Audience Stays Until 11 O'clock to Hear Private Herman.

HE TELLS OF VIMY RIDGE

'Revue of the Nations' by the Chautauqua Children and Concert by the Local Concert Company. Other Numbers on Next Entertainment Yet.

A thrilling picture of the battle front by one who has been in the thick of the fighting and come out of it with a story that has been in the closing number of the Chautauqua by Private Arthur K. Herman. It brought to a closing close the best series of these entertainments Connellsville has yet enjoyed and followed the 'Revue of the Nations' by members of the Junior Red Cross club composed of children of the city and the local concert by the Local Concert company.

A typical last night audience sat spellbound under the words of Private Herman until after 10 o'clock. His description of the battle of Vimy ridge in which he received his blight was the most interesting part of the lecture. It was the first description of battle given here by one who has actually participated and it covered a number of phases.

One of the most interesting was that dealing with the men's then going over the top. Some of the men pray some are silent. All are determined he said. Herman's narration of the battle of Vimy ridge was the highlight of the evening. He said the horror of that battle was said to picture the French had lost 70,000 killed in a vain effort to drive out the Germans. The British and given up the job and it fell to the Canadians to accomplish what their allies had failed. Without intending to be egotistic Private Herman declared it could be said that when the Canadians appear on the scene they really start something, as they did at Vimy Ridge.

Speaking of the 'Revue of the Nations' the first man to read over Private Herman said he had read of 'Revue of the Nations' that day I saw brooks of blood, he went on.

Private Herman appeared on the stage minus his artificial leg and with crutches. The first part of his address dealt with his entry into the service covered the vicissitudes of the camps and trenches and interesting incidents of life in the trenches and back of the lines.

Speaking of the transportation of troops over Private Herman told of the Leveathen, formerly the Waterloo carrying 13,000 men on one voyage. Transportation from England to France across the channel is in small boats, he said, like jack-boats, he said. Men are crowded into these vessels for the seven-hour trip closer than sardines in a box, he said.

The success of the United States Navy in the transportation of nearly a million troops through the submarine zones without the loss of a single man has heartened the Allies he said, as nothing else.

Private Herman urged fathers, mothers, sisters, brothers and sweethearts of the men to find comfort in the facts proven statistics that 97 out of every hundred boys who cross the Atlantic are pretty certain to cross back. They may not come back whole but they will come back with a quiet something that will compensate for the loss of flesh and blood.

All the men in the trenches long for peace said the speaker. They dream of home. But he continued. Thank God there is no Bolsheviki among them. They're going to starve it out over there and then come home to enjoy a place founded on high conscience.

In closing side lights on conditions in the trenches were related. You people think you have mud over here, said the speaker. Believe me it's all over here. He told also of the vermin—rats and the little insects that inevitably make their appearance under the enforced unsanitary condition of the trenches. On these conditions are accepted as a matter of course.

In his closing remarks Private Herman declared there is a silver lining appearing in the cloud that has hovered for years. He referred to the entry of America. He cited a part of the shell which caused the loss of his leg killed his team and five others as just another of the things during the trade mark. Vida in Germany. Thank God there is an end to it. Vida in America he said.

DRAFT ORDER OF 21RS DRAWN; CARROLL FLANIGAN FIRST IN DISTRICT 2, DWIGHT KOOSER, 5

PAYS \$2,500 TO RED CROSS FOR VIOLATING FUEL REGULATIONS

Ex-Sheriff James H. Hoover Charged With Failing to Comply With Orders, Admits the Charge.

Ex-Sheriff James H. Hoover, owner of the Hoover coke plant near McClellandville has been the first operator of the Connellsville region to suffer the imposition of a penalty for violation of the rules regulations and orders of the Fuel Administration.

Charges were brought against Mr. Hoover for failing to make shipments of coke as directed by the United States Fuel Administrator by order February 2, 1918. It was also charged that he neglected to make reports to United States Fuel Administration as directed in such order.

Appearing by counsel before the United States Fuel Administrator, Mr. Hoover admitted the justice of the charges and promised that he would in the future abide by and carry out to the letter all the orders of the United States Fuel Administration now in force or that might hereafter be made.

He especially requested the Fuel Administration to determine and fix what in his judgment was a fair and reasonable penalty for his violation of the rules and regulations and to be ordered to donate the sum of \$2,500 to the Fayette county chapter of the American Red Cross.

Secretary Baker and other high government officials witnessed the drawing by blindfolded men of the first capsules from the bowl. Each of the capsules carried a master number to be applied in the 4,500 registration districts of the country, according to the total registration.

In the country at large there was a little of the excitement that attended the first drawing. A year of war has served to calm the American people.

The first few numbers to be drawn were taken from the bowl shortly after 9:30 by Secretary Baker. As the numbers were drawn they were announced and written on a large blackboard. When the board was filled it was removed to be photographed and another was substituted. This operation was repeated during the more than three hours required for the drawing.

NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

**Coroner's Jury Finds Death
of Finch Child Purely
Accidental.**

FLAG POLE RAISING FRIDAY

Beggar Solicits Burgess on Street.
Unknowingly, and is Compelled to
Give up \$5 of the Funds He Has
Thus Supplied Himself With Notes.

Special to The Courier.
MOUNT PLEASANT, June 27.—
Unavoidable accident was the verdict
of the jury in the inquest held last
night into the death of John Harold
Finch, the seven year old son of Mr.
and Mrs. Charles Finch who died in
the Memorial hospital here on Fri-
day, shortly after having been
brought in from his Buckeye home
where he had received injuries from
being caught under the wheels of an
auto truck. The inquest was held at
the undertaking rooms of M. A. King.
On the jury were Joan Gemmell,
Richard Doncaster, West Swartz,
Otto Sullivan, Robert Goodman
and M. A. King. The three men who
rode on the truck, Messrs. Smith,
Jordan and Miner, gave in the evi-
dence which they had and Mr. Finch
told what he knew about the acci-
dent. The jury reached the decision
that the child had come to its death
from injuries received by an avoid-
able accident.

To Raise Pole.
On Friday evening at 5:30 o'clock
the members of the Patriotic League
pole committee will raise the flag
pole in Frick Park and would like to
have any volunteer workers that will
come out and help.

Accosts Wrong Man.
Burgess Sam P. Stevens has made
a ruling that any persons annoying
the public by begging on the streets
or at the home they shall be locked
up. On Tuesday evening a man giv-
ing his name as Elmer Christner ap-
proached the burgess and asked for
a quarter after making a canvass of
the men standing in front of the
hotels. The burgess turned him over
to the police and he paid \$5 of the
money he had begged to be released
from the lockup.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood:
the doctors made of flesh and blood just like you; the doctors with
souls and hearts; those men who are responding to your call in the
dead of night as readily as in the broad daylight; they are ready to
tell you the good that Fletcher's Castoria has done, is doing and
will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to
try an experiment. We just want to impress upon you the importance
of buying Fletcher's.

Your physician will tell you this, as he knows there are a num-
ber of imitations on the market, and he is particularly interested in
the welfare of your baby.

Genuine Castoria always bears the signature of *Dr. H. H. Fletcher*

At the Theatres

THE PARAMOUNT.

"THE INTERLOPER"—A five-part
World attraction in which Kitty Gor-
don, the celebrated actress, is seen in
a charming role, is being shown to-
day; as is the Universal Weekly and a
selected comedy. "The Interloper"
tells a story in which Miss Gordon is
given every opportunity for the dis-
play of her histrionic talents, and
needless to say she takes advantage
of every opportunity. The play
starts in the south amid scenes of
remarkable natural beauty. Among
these is a scene with a little colored
boy which will make everyone in the
audience laugh. Miss Gordon is seen
in the role of Jane Cameron, a daugh-
ter of the south. Jane marries Paul
Whitney, a widower, played by Irving
Cummings, and finds her surround-
ings agreeable until Paul's family and
even Paul himself begins to hold up to
her as a model of everything that was
good, the memory of Paul's first wife.
This goes on for some time until the
situation becomes unbearable to Jane.
She determines to break Paul and the
family of this habit, no matter what
the cost is to herself. Strange cir-
cumstances give to Jane the means by
which she can accomplish her pur-
pose. Jane discovers that Paul's first
wife was faithful to him. The film
is thrilling and exciting. Miss
Gordon does really superb acting in
the production. All in all "The In-
terloper" is just about the best there
is in the way of screen entertainment.
Tomorrow, "Madge Kennedy" will be
seen in "The Danger Game," a five-
part Goldwyn attraction.

THE ORPHEUM.

"A SQUARE DEAL" is the attrac-
tion today. It is a telling satire on the
imitation Bohemianism of certain fad-
ists found in the art studios of large
cities is Margarita Fisher's new
American-Mutua photodrama. "A
Square Deal" wherein the true char-
acter of the long-haired "individual-
ist" is revealed to the heroine of the
piece, Alice Gilson, after she had be-
come convinced of his disinterested-
ness and devotion to high ideals. Also
"The Screen Telegram" and a good
comedy.

Keep Upkeep Down

As the Army truck-trains roll across the Key-
stone State, they are met by representatives
of The Atlantic Refining Company who see that
the trains are supplied with reliable old Atlantic
Motor Oils and Atlantic Gasoline. Sometimes
the Atlantic tank-wagons meet the Army-trains
on the high-roads and sometimes the trains stop
at filling stations along the wayside. Either
way, they are sure of getting the motor oils
that Keep Upkeep Down. It is highly important
that YOU, too, use these same oils in your
trucks and business-cars. It is in keeping with
the thrift policy of the times. Ask for Atlantic
Motor Oils by name.

YOUNKIN-WILEY

Former Pennsville Girl Becomes Bride of California Business Man.

A quiet but pretty home wedding was that of Miss Nellie Bearrice Younk, daughter of Mrs. Frank Younk, of the West Side, formerly of Pennsville, and Edward Gregg Wiley, of California, Pa., solemnized last evening at 6 o'clock in the home of the bride's brother-in-law and sister, Mr. and Mrs. Dick Sherrick, in South Seventh street, West Side. Rev. Wilbur Nelson, pastor of the First Baptist church, officiated, using the ring service. Owing to the recent death of the bride's father, the wedding was very quiet, the guest list including only members of the two families. There were no attendants. The bride wore a handsome gown of white crepe-de-chine, beaded and lace trimmed, and a corsage of white rose buds. Following the ceremony a beautifully appointed wedding dinner was served. Covers for 15 were laid. The table was centered with a large French basket of sweet peas and roses, in Dresden effect, caught with pink tulle. Red roses were used in the parlor, where the ceremony was performed.

The bride resided at Pennsville for a number of years and is widely and favorably known in that community. She also has a number of friends in Connelville. Since the death of her father she and her mother have resided at the Sherrick home. The bridegroom is connected with the Vesta Coal company at California, Pa. The following were present: Mr. and Mrs. H. G. Whitsett and son, Walter, of Easton, Pa.; Mr. and Mrs. Charles Detweiler and Miss Cora Ritchey, Pennsville; Mrs. Malissa Wiley, California, Pa., mother of the bridegroom; Mrs. Frank Younk, mother of the bride, Mr. and Mrs. Dick Sherrick and daughter, and Miss Elizabeth Curry. Today Mr. Wiley and bride and Mr. and Mrs. Dick Sherrick returned to Pittsburgh. Upon their return Mr. and Mrs. Wiley will go to California, Pa., to reside.

I did so, and afterwards bought more, and I used two boxes of Cuticura Ointment with one cake of Cuticura Soap and he was healed." "GOVERNMENT PRICE"

Decried by Fuel Administration to Mean the Maximum Price.

In order to clear away any misunderstanding that may have been caused by use of the words "Government prices" in connection with coal-supplied railroads, and explaining that any shipper may sell coal for less than the government price, United States Fuel Administrator Harry A. Garfield issued the following statement:

"It is represented to me that a misapprehension has arisen in certain quarters as to the meaning of the words 'Government price' used in the press notice issued by the Fuel Administration and approved by the Director General of Railroads on May 24. The government prices for coal are maximum prices, and it follows, as a matter of course, that any consumer, including the railroads, may purchase for less than the government price, provided it is mutually agreeable."

"The preferential car supply has been discontinued and will not be a consideration of the contract or understanding."

WE know you get more mileage from Firestone Cord Tires than from others. That's why we recommend them. Here are the features that we find give the extra mileage:

Numerous walls of stout cords. Pure gum separates cords and prevents friction. Extra thick cushion layer of pure gum under tread absorbs shocks and protects inner body of tire. Tough, thick, resilient tread.

Bead, which holds tire in rim, strongly reinforced, as is also the side wall. Hinge or bending point of tire thrown high where strain has least effect. Result, Most Miles per Dollar.

Firestone Red Tubes stand up to the hardest driving for the longest time. Antimony cure and laminated construction are two of the important reasons. And be sure to see the Firestone Cord section when you come in.

Read These Facts About RUGS

You can inspect our stock of room-size Rugs today and find pretty much the same attractive collection of neat patterns and beautiful colorings you have always been accustomed to find at this store. That is because we took time by the forelock and ordered tremendous stocks early.

So much for today. But what of tomorrow? Many mills have been taken over by the government, and what Rugs are manufactured will be at a greatly increased price. These are the conditions our buyers must face when present stocks are exhausted. And it means that our next stock will of necessity be much higher priced.

The Rugs on hand today are without exception, priced 25% and even more under today's actual value. Surely this fact is suggestive to anyone anticipating the purchase of new rugs in the Fall.

The Following Prices Are Suggestive of the Many Splendid RUG Values That Await You HERE and NOW.

| | |
|---------------------------------------------|---------------------------------------|
| 4 Tapestry Rugs, 11-3x12 ft. — \$35.00 | 9 Wilton Rugs, 9x12 ft. — \$60.00 |

One Lot of Transparent Brim Hats That Sold for \$8.50 to \$10—NOW \$6.95

These models are new this Summer and in most excellent style, being exceedingly popular everywhere with well dressed women.

Next to the substantial saving, the best thing about these hats is the splendid variety of choosing they afford you.

Some have tapestry crowns; some have velvet crowns; and some have lisere crowns;—while ribbons, flowers and fancy feathers are used as trimmings. And, we might add, they are most delightful.

These popular colors—brown, navy, and black.

Taffetas for Cool Summer Dresses, Special at \$1.65 and \$2.00 the Yard

No woman needs to be told what useful sort of frocks are made from these silks, and now comes the opportunity of choosing from some fresh, new shipments, priced almost as low as today's wholesale cost.

In the case of black taffeta at \$1.65 a yard, 36 inches wide, we would not be able to duplicate it at all. It is a fine soft quality, nice for either dresses, blouses or linings.

The colored taffetas are all \$2.00 a yard and are particularly good. They are in light as well as dark shades and are 35 inches wide. We strongly advise any woman who will need such silks to buy them now while all the shades are here, and while prices are no higher.
